NOTE TO: DCI

SUBJECT: [REDACTED]

25X1

1. [REDACTED] came by to see me last Friday, 16 March, to talk about his recent long swing through the Middle East. He had a number of very interesting discussions with key players. [REDACTED] was very concerned about the health of American policy in the Middle East now and would very much like a chance to get together with you to discuss it. He is particularly concerned with what political steps the Administration can take as we move towards November to demonstrate that we still have a Middle East foreign policy.

2. I would be happy to set up an appointment for you with [REDACTED]. Please let me know.
